All grades and pricing valuations are based on the 2023 Standard Catalog of Firearms as compared to current private party transaction prices available at the time of the assessment. Private party transaction pricing is gathered from Gunbroker.com®, based upon firearms with active and/or completed bids. This grading system may differ from that of the NRA Conditions Standards. Information stated herein is the opinion of The Armed Librarian, LLC and is based upon the information provided by the client at the time of valuation. Information may not be used for legal or tax purposes as an in-person inspection, completed by a licensed firearm appraiser, is required. All used firearms should be thoroughly inspected by a licensed gunsmith before attempting to use. As The Armed Librarian, LLC does not employ a certified gunsmith, this Firearm Record & Valuation cannot attest to the safety, reliability, or serviceability of any firearm.
